Dear Home Study Families,

Your child will be participating in the STAR standardized state test during the weeks of April 27th thru May 4th. Wilson students, grades 2 through 11, are required by law to take this test.

Below is your child's testing schedule. **Please check it VERY carefully, as dates and times are different for each grade level.** Please be available by phone if your child finishes early. If you arrive to pick up your child and they are still testing, please wait patiently until your child is released from the testing because we are never sure exactly how much time any child may use in the "untimed" tests.

Please send a book with your child to read when he / she has completed testing. This will give him / her something to do while others are finishing. Please also send a snack.

You will receive an individual report of your child's STAR test results in August. This report will explain how he or she performed in each content area. This information will enable us to continue to guide you in your home study endeavor.
